Dhaka, Bangladesh | +880 1875-243465 | shohibul602@gmail.com | Github: shohibulislam

PROFILE

Fresher and Computer Science student with fundamental knowledge in C, C++, Data Structures, Algorithms, and frontend web development. Active in competitive programming with 262 problems solved across multiple platforms. Eager learner with a strong interest in continuously improving programming, problem-solving, and software development skills. Seeking an opportunity to contribute to a team while gaining practical industry experience.

TECHNICAL SKILLS

Programming	C, C++ (Fundamental to Intermediate), JavaScript ES6
Web Development	HTML, CSS, Bootstrap
Computer Science	Basic Data Structures & Algorithms, Problem-Solving
Tools	Git, GitHub, MS Office

COMPETITIVE PROGRAMMING

Codeforces: 123 solved — Profile | **CodeChef:** 105 solved — Profile | **LeetCode:** 34 solved — Profile

Total: 262 problems solved across listed platforms

EDUCATION

DIPLOMA IN ENGINEERING IN COMPUTER TECHNOLOGY

Daffodil Polytechnic Institute — 7th Semester

February 2023 – Present | Expected Graduation: 2027

SECONDARY SCHOOL CERTIFICATE

Govt. Banaripara Model Union Institution (Pilot), Barishal

2016 – October 2022 | 82% (4.11 GPA) | Focus: Mathematics and Science

SOFT SKILLS

Problem-Solving • Communication Skills • Time Management • Work Ethic • Continuous Learning

CAREER OBJECTIVE

To begin my professional journey through a Software Engineer Internship where I can apply my programming fundamentals, problem-solving ability, and web development knowledge. I am eager to learn from experienced developers, understand professional software development practices, and contribute reliably to real-world projects while growing into a skilled software engineer.

ADDITIONAL INFORMATION

Field: Computer Science & Technology
Current Status: Diploma student, 7th semester
Career Target: Software Engineer / Software Development Internship
